You child will be able to.... (Skills)

Performance Techniques	<ul style="list-style-type: none"> - Interpreting notation appropriate to chosen instrument - Understanding structure of song - Understanding how an ensemble perform together through non verbal communication - Understand instrumental techniques 	<ul style="list-style-type: none"> - Performing chosen part of given song within an ensemble fluently and accurately - Responding to other members of the ensemble effectively
Sequencing Techniques	<ul style="list-style-type: none"> - Understanding how to use DAW - (assigning instrument, recording, saving) - Know and understand how to input and edit MIDI 	<ul style="list-style-type: none"> - Understanding how to use DAW - (assigning instrument, recording, saving) - Know and understand how to input and edit MIDI
Rhythm of the World	<ul style="list-style-type: none"> - Recognise and understand how different rhythms and stylistic features are used in different countries - Understanding and Interpreting rhythmic notation - Develop understanding of Aural Traditions 	<ul style="list-style-type: none"> - Perform given rhythms accurately and fluently in given genre - Compose rhythms appropriate to given world music - Recognise rhythms from a variety - Perform in given style with ensemble awareness
Rock N' Roll Performance	<ul style="list-style-type: none"> - Understanding history & context behind the genre - Understand the component musical elements within the genre. - Understand how the genre has influenced future music. 	<ul style="list-style-type: none"> - Perform & create a 12 bar blues structure. - Perform rock n roll instrumental parts with accuracy & fluency.
Rock n Roll Composition	<ul style="list-style-type: none"> - Understanding melodic techniques of given genre - Understanding stylistic conventions of given genre - Understanding scales and chords 	<ul style="list-style-type: none"> - Performing chosen part of given song within an ensemble fluently and accurately - Responding to other members of the ensemble.

Area of Study

Your child will know (Knowledge)

You child will be able to.... (Skills)

Performance/Song Writing

- Interpreting notation appropriate to chosen instrument
- Understanding structure of song
- Understanding how an ensemble perform together through non verbal communication
- Understand instrumental techniques

- Performing part of chosen song within an ensemble with fluency and accuracy
- Responding sensitively to other members of the ensemble
- Demonstrating appropriate instrumental techniques

Film Music

- Deepening knowledge of use of DAW
- Understanding the purpose of film music
- Identifying and explaining the role of cliches
- Identifying appropriate instrument families for film genre

- Compose original music to enhance the film clip/image
- Developing use of appropriate instrumentation
- To use cliches effectively in composition
- Apply Hit points within the music effectively

Performance Techniques

- Interpreting notation appropriate to chosen instrument
- Understanding structure of song
- Understanding how an ensemble perform together through non verbal communication
- Understand instrumental techniques

- Performing part of chosen song within an ensemble with fluency and accuracy
- Responding sensitively to other members of the ensemble
- Demonstrating appropriate instrumental techniques

Remix techniques

- Understanding what an arrangement is
- Understanding musical features of chosen genre
- Deepening knowledge of use of DAW

- Arrangement of a given song into a chosen genre
- Applying stylistic features of chosen genre
- Use DAW effectively to create arrangement

Research skills

- Understanding how to research with various sources.
- Understanding key musical features of chosen genre

- Applying appropriate research techniques
- Presenting key musical information on chosen genre.
