WHY FAIRTRADE COTTON/RECYCLED POLYESTER UNIFORM?

1. There is no difference in quality between Fairtrade-organic cotton and normal cotton, but Fairtrade cotton farmers always receive a fair and sustainable payment for their crop. Their communities also receive a premium for projects such as building schools, hospitals, access to clean water and so on.
2. Being "Fairtrade Cotton Certified" means that all parts of the manufacturing chain have been inspected and audited to ensure that practices such as child labour and enforced overtime/long working hours don't exist.
3. All the polyester in Koolskools-manufactured garments is GRS-certified, the highest recycled polyester clothing standard. The polyester is post-consumer (eg recycled plastic bottles etc) recycled, lending the garments the strongest of planet-friendly credentials.
